33 Million Germans Vote in Election

By DON DOANE

BOON, Germany (AP) — Germany's national election, which would today as 33 million voters prepared to cast ballots in what looked to the outside world like a contest between Russia and America.

To the average German, however, there was no clear-cut East-West choice such as recent Moscow and Washington statements would seem to imply.

The United States, through Secretary Dulles, gave its blessing Thursday to Chancellor Konrad Adenauer's pro-Western conservative coalition government.

Russia, through the official news agency Tass, called last night for the defeat of Adenauer and his program of rearmament in alliance with the West.

German voters who will decide the issue in tomorrow's parliamentary voting — perhaps the most significant election in postwar Europe — could point out that both parties with any chance of winning are anti-Communist. The opposition Socialists are just as strongly opposed to Moscow as Adenauer's Christian Democrats.

But to the outside world the difference was this:

The triumph of the 77-year-old Chancellor's Christian Democrats would commit West Germany to his program of raising German troops for the proposed West European army, a project the United States supports.

A Socialist victory, however, would bring in a policy of unarmed neutrality in the cold war, which Moscow demands.

McCarthy to Probe Mines Abandoned

NEW YORK (AP) — Sen. Joseph R. McCarthy (R-Wis.) says he may personally probe abandoned mines which produced manganese, zinc, lead and copper.

Sen. George W. Malone (R-Nev.) heads the Mining Probe Committee but Malone has been hospitalized due to a serious accident.

If the Nevada senator can't continue the probe, McCarthy said yesterday, he may take a hand in it. Malone's committee spent six months on a preliminary investigation of mining in 15 states.

Concerning the mine situation, McCarthy told newsmen:

"The policies of the old Truman administration have resulted in the closing of mines in the United States and their being flooded. They are lost to us and, as a result, we are dependent upon foreign nations for many strategic materials."

"If a war should start and Russia could cut the sea lanes with submarines, our ability to wage war would be almost wrecked."

McCarthy yesterday closed a four-day hearing by his Senate permanent investigations subcommittee here into possible Communist infiltration of the armed forces. The private hearings are scheduled to be resumed next week in Washington.

McCarthy showed obvious anger at the final session here when 1st Army headquarters refused him the names of service personnel who decide loyalty clearance to civilian employees suspected of communism.

The turnaround, reportedly on orders from Washington, caused McCarthy to say, "We are going to do everything we can to get those names."

The senator said he plans to call Secretary of Defense Charles Wilson before a subcommittee on this issue next week.

McCarthy said a colonel identified by him as Robert A. Howard, refused during questioning to say whether a known Communist should be kept on the Army payroll or be suspended. McCarthy said the colonel refused to answer on advice of an Army lawyer.

The Army said it refused names of service personnel involved in deciding loyalty clearance, in accordance with a 1948 presidential directive.

That directive, issued by former President Truman, forbade executive agencies to transmit loyalty data to other branches of government. The Army says the directive still is in force.

McCarthy said he was sure that President Eisenhower does not want to hide from Congress the names of those who cleared Communists in sensitive posts in the Army.

In Denver yesterday, presidential Press Secretary James C. Hagerty said no request had been received for release of the names. Hagerty added that Eisenhower has no information whatsoever on the subject.

Four Escape as Auto Leaves Road And Overtakes

An auto driven by S. R. England went out of control and overturned late Friday about six miles west of Hope on Highway 67 with one man being injured.

Frank Spaulding, riding with England, suffered cuts and bruises but two other passengers, Henry O'Steen and R. Betts escaped injury.

State officer Travis Ward said the car overturned on a steep bank, landing on its top and skidded. It was badly damaged.

Gen. Dean In Tokyo For Rest Then Home

By ROBERT B. TUCKMAN

TOKYO (AP) — Maj. Gen. William F. Dean, liberated yesterday after more than three years in Communist prisons, checked in at Tokyo Army Hospital today for rest and a physical examination before heading home.

Doctors described Dean's appetite as "amazing."

He has scheduled his second news conference for Sunday in the hospital auditorium.

The thin but apparently healthy former commander of the U. S. 24th Division flew here this morning from Korea after inspecting an honor guard at 8th Army headquarters in Seoul.

Before boarding a B17 for the five-hour flight to Japan, Dean drove through the streets of South Korea's capital smiling and waving to thousands of Koreans who turned out to cheer him.

At the airport near Seoul, Dean wept as he said farewell to Gen. Maxwell D. Taylor, 8th Army commander, and other officers and representatives of the Republic of Korea where he was military governor during the occupation.

As he started to board the plane, Dean looked at a group of small Korean girls who had presented him with bouquets of flowers and said, "Laitanhi komapsupmidia." Korean for "thank you very much."

With Dean on the flight to Japan were two other repatriated veterans of the 24th Division, M. Sgt. Joseph Tupa of Honolulu, and Sgt. Alden Cook of Bluefield, W. Va.

At the airport to see him off was Col. Charles R. Rain, of Salem, N. J., the former executive officer of one regiment in the 24th Division when Dean was commander.

Dean joked with Rain and judged him in the ribs several times.

Rain told Dean today was his birthday and Dean remarked: "I'm enjoying it a hell of a lot more than you are."

The 54-year-old soldier, who won the Medal of Honor for heroism while personally leading the last defense of Taeyon, was wearing green fatigues and his two-star insignia when he landed in Tokyo.

He was driven in an army sedan from Haneeda Airport to Tokyo Army Hospital, where he put on hospital-issue pajamas.

Although Dean appears healthy, Army physicians will give him a thorough check before he can leave for the United States.

They may complete their examination Sunday.

A hospital dietitian said Dean was in excellent spirits with "an amazing appetite."

The general's pretty wife told newsmen at Monterey, Calif., that news of her husband's release left her numb but, "It's wonderful — just wonderful."

Mrs. Dean said she didn't know when her husband would come home.

Woman Has Eight Sons in Service

PEORIA, Ill. (AP) — A Peoria mother who already has seven sons in the armed forces, today gave her youngest boy to the Army and was honored for outstanding contribution to the national defense.

Mrs. George Jipris was named an honorary sergeant of the Army recruiting service after consenting to the enlistment of 17-year-old Theolgas (Ted) Jipris who quit high school to enter the Army.

M. Sgt. Ernest Davidson, in charge of the Peoria recruiting office for the Army and Air Force, presented Mrs. Jipris with an arm band and named her honorary sergeant of the service.

McCarthy Wants Names From Army

By JACK BELL

WASHINGTON (AP) — Sen. McCarthy (R-Wis.) today asked Secretary of the Army Stevens to tell Senate investigators why the army won't provide names of military personnel who cleared civilians suspected of communist activities.

Declaring it was just as important to find out who gave clearance to a Communist as it was to locate a Red, McCarthy had said earlier he would appeal to Secretary of Defense Wilson or even to President Eisenhower for the information, if necessary.

But he told a news conference today he hoped "We don't have to go any higher than Stevens."

"Stevens had nothing to do with that order," McCarthy added.

"But we would like to have him come in Tuesday, if that is convenient with him, to testify in a closed session of the committee about the situation."

The investigations subcommittee, McCarthy heads, held four days of hearings in New York this week, during which it was disclosed that a woman employee of the Quarter master corps, labelled by McCarthy as a "100 per cent Communist," had access to army data on troop movements. The woman was not named, but McCarthy demanded to know what military officials had cleared her for the job.

Watermelon Meeting Set for Thursday

Plans have been in the making for several weeks for a Watermelon Marketing Program and meeting, which is scheduled for Thursday night, September 10 in the courtroom of the Hempstead County Courthouse. The Hope Chamber of Commerce Agriculture Committee, chaired by Mitchell Sparks, is sponsoring the meeting with the Extension Service and the State Plant Board.

It is felt that the interest in such a proposed program should certainly be at a peak in view of the deplorable marketing situation which existed for the 1953 watermelon crop. Every watermelon grower in this entire area is urged to attend this meeting and participate in the planning and establishment of a watermelon marketing set-up. Representatives from the Extension Service and the State Plant Board will be present to assist in this planning program and good results are expected.

It doesn't matter whether you are a large or small watermelon grower, you are urged to attend this very important meeting.

Cpl. "Slick" Arrives in Hawaii

By ROY ESSOYAN

HONOLULU, (AP) — Cpl. "Slick" arrived in Hawaii yesterday homebound from Tokyo and said "It was a mistake" that followed war prisoners in North Korea were out to get him because he "traded" on them to the Communists.

A boy severely out of his teens, Slick, his hand shook as he held a cup of coffee and talked to a reporter at Hickam Air Force Base.

"They called me Slick but it was all a mistake," he said. "I never squealed on anybody to the Communists."

Slick admitted there was animosity in camp against men who were friendly to their Communist captors but he denied he was one of them.

"I was friendly with everybody. They had nothing against me," he said.

Slick confirmed he went AWOL five days from an army hospital in Tokyo. He denied he was trying to run away from other liberated prisoners.

"I went out and got drunk and missed my plane and decided to stay drunk," he said.

He returned voluntarily to the hospital.

Slick said he has been questioned by military intelligence officers after his release but indicated he had been cleared.

A Hickam intelligence officer who broke up the conversation said Slick was not in any kind of custody and would go home just like other returning POWs.

Fellow repatriates aboard the plane show no indication they had heard public reports about Slick. One of them said Slick was treated the same as everybody else.

The group will leave Hickam today after an overnight rest at Tripler Army Hospital. Their plane is scheduled to arrive at Travis Sunday morning.

Slick was repatriated Aug. 12 and originally was to have returned home by ship. He was flown to Tokyo for aerial evacuation to the United States after he told a chaplain of threats against his life.

A few hours before his scheduled departure Aug. 22, Slick disappeared from a Tokyo army hospital and was AWOL for six days. He returned voluntarily and there has been no announcement of charges placed against him.

Although he is not ill, Slick is being flown home with a group of sick and wounded repatriates.

Reds Promise to Deliver 110 More Americans

By STAN CARTER

PANMUNJOM, CP — A whopping 110 Americans streamed back to freedom today and the Communists promised to return another 110 tomorrow, the 33rd and final day of the big Korean War Prisoner exchange.

The second and last Communist "house" delivery will boost the number of Americans repatriated to 3,396,233 more than the Communists first promised to send back.

Both sides announced today they would complete the exchange tomorrow.

The final delivery probably includes a small group of American Air Force and Marine pilots whom the Communists said "confessed" to germ warfare charges.

The Allies said they would turn back on the last day 137 Chinese and 2,550 North Koreans, boosting the total repatriated to 7,797 many more than the 74,000 the U. N. Command first promised to return.

The Communists also promised to release Sunday 1 South African, 2 British, 4 Turks, and 1 Japanese.

This will raise to 12,753 the number of Allied POWs returned, they said they would liberate.

But the Reds have since said more than 20 non-Korean and 300 Korean prisoners refused repatriation and will be turned over to the neutral nations repatriation commission for disposition.

Both sides said the final figures would include all prisoners who want to return, including any who had changed their mind at the last minute.

While the Reds held back until last the airmen they charged that had spread bacteria over North Korea, the U. N. Command was doing the same with the leaders of the bloody Kojie Island POW camp riots.

The U. N. Command would not confirm it officially, but Sunday's delivery presumably will include the riot leaders, including North Korean Col. Lee Hak Koo.

The Communists' most famous prisoner, Maj. Gen. William F. Dean, three years of Red captivity behind him, arrived in Tokyo Saturday on the first lap of the happy trip home. Freed Friday, Dean was sent to Tokyo Army Hospital for physical checkup. He said he had no idea how long he will stay in Japan.

The contingent of 275 Americans returned Saturday was by far the largest group of U. S. troops sent back in one day. All appeared in good health.

The Reds also handed back 24 Britons and 1 Australian, 11 South Korean soldiers and 2 South Korean women Red Cross workers.

The Allies delivered about 2,400 North Korean POWs, who turned up with a new propaganda trick as they arrived at the exchange point.

Instead of the usual shouting and waving, the Reds were called sharply to attention by the leader of each truck, then bowed their heads and wept in unison.

Three Americans returned Saturday were airmen who said they refused—even under threats of death—to "confess" they dropped germ bombs.

The three, members of a B29 crew shot down in February, 1952, were Capt. Byron A. Dobbs, 31, of Ohio, Mich.; Lt. James L. Stanley, 24, of Decatur, Ga.; and S. Sgt. Richard Abbott of Hellsville, N.Y.

They said that for about six months they were kicked, slapped, stripped naked and forced to stand under driving rain, thrown into holes and sometimes deprived of food and water.

Stanley was sentenced to death and actually placed before a Chinese firing squad but he still refused to "confess" to germ warfare.

The three airmen and Dobbs criticized American pilots who allegedly broke down under torture and made germ warfare "confessions."

Army Lt. Col. Robert N. Abbott, 36, of Rochester, N. Y., who was freed Saturday, said 99 out of 100 men who signed Communist propaganda statements did so to save their lives.

Abbott said he never signed any statements nor did he make broadcasts but he thought the Reds could "break any man" if they made up their minds to do so.

News Briefs

TEHRAN, Iran (AP) — The Tehran press says Russia and Iran have agreed to increase trade between the two countries by almost 100 per cent.

A new barter agreement signed yesterday will supplement a pact signed last June, the newspapers said. Russia reportedly will send Iran 20,000 tons of sugar, 15 million yards of cotton goods, 5,700 tons of iron and steel products, 50 tons of copper, nickel and brass, plus increased amounts of chemicals and electric and other equipment.

In exchange, Iran's exports to the Soviets will include 10,000 tons of rice, 2,000 tons of tobacco, 5,000 tons of raw cotton, 30,000 tons of lead ore, 6,000 tons of iron ore, and sulphur, oil seeds and foodstuffs.

Nashville Vols Pennant Hopes About Gone

By The Associated Press

The once-powerful Nashville Vols are wishing today September had never rolled around. Manager Hugh Poland's slumping outfit, reared out of August in a tie for first place in the Southern Association pennant race. Today the Vols are in third and chances for the pennant are all but gone.

Memphis — the ball club which Nashville dust most of the season — is in the driver's seat, 2½ games ahead of the second place Atlanta Crackers. Atlanta is half a game ahead of Nashville.

Here's what happened last night: Memphis downed Nashville 5-2. Atlanta clubbed Mobile 11-2. New Orleans stopped Birmingham 12-4 and Chattanooga split a double-header with Little Rock.

The Lookouts won the opener, 3-0 the Trays the nightcap 1-0.

Nashville winds up a fateful five-game stint in Memphis tonight. A defeat for the Vols would leave them four games off the pace with four games remaining.

First-rate pitching and steady fielding highlighted the Chattanooga-Little Rock twin bill. Jim Pearce stopped the Trays on three hits in the first game. Ed March, the loser, gave up only seven.

Veteran Milo Johnson of Little Rock and Dean Stone of Chattanooga tangled in one of the league's best pitching duels of the season in the nightcap. Each gave up three hits. Stone was lifted for a pinchhitter in the eighth, Julio Moreno the last two innings for Chattanooga, pitching hitless ball.

Golf Finals Sunday in Fort Smith

By CARL BELL

FORT SMITH (AP) — A former runner-up and seven newcomers to the Willard Memorial Golf Tournament were still "alive" as quarter-final play got underway this morning.

New favorites after a flurry of upsets yesterday were Leonard A. Young, Oklahoma's amateur champion, and a poker-faced Camp Chaffee sergeant from Memphis, Earl Mitchell.

Mitchell, who has spent nine of his 34 years in the regular Army — 33 months overseas in World War II, eliminated medalist Vincent Allison of Fort Smith 2 and 1 in the second round.

Young, the Tulsa who has been under par 72 in all three of his trips around the Hardensville Country Club course with its rolling fairways and blind holes, scored two lopsided victories yesterday and tied the course record in one of them.

The Oklahoma links king played out the full 18 holes after beating Don Bowers of Fort Smith 5 and 4 to post a 67 — tying scores made in previous Willard meets by Frank Stranahan of Toledo, Ohio, and Dale Morey of Indianapolis.

Mitchell was paired against Art Hall of Tulsa in the quarterfinals. In the other upper bracket match, Missouri champion Bill Stewart of Springfield, met Daryl Schooner of Topeka, Kan.

Lower bracket quarterfinals pitted Young against Bill Mosely of Fort Smith and Roy Moore Jr. of Memphis against Tom Stephens of Kansas City, runner-up to Stranahan in the 1947 Willard.

Mitchell needed no better than a 1-over par performance to dispose of Allison — whose putting, by his own description, was "pitiful."

WORK ON PIPELINE

PARIS (AP) — Construction is scheduled to begin this fall on 1,875 miles of pipelines to speed jet fuel to NATO forces in nine West European nations.

Officials of the North Atlantic Treaty Organization, announcing last night that work would begin soon, said the project would cost 100 million dollars. The network will tie in with a 400-mile pipeline the United States plans to build across France to West Germany.

The lines will feed the 125 airfields NATO plans to complete by the end of the year in France, Belgium, Holland, West Germany, Norway, Denmark and Turkey.

Loyalty Pledge Not Issue at Party Session

By EDWIN HAAKINSON

WASHINGTON (AP) — Sen. Douglas (D-Ill.) said Northern Democrats will not raise the "loyalty pledge" issue — which makes some Southerners erupt — at the party sessions in Chicago Sept. 14 and 15.

Stephen A. Mitchell, chairman of the Democratic National Committee, also reported progress in healing the North-South differences within the party and said the meeting would not act on the pledge.

But Mitchell declared Gov. James F. Byrnes of South Carolina "has read himself out of the party."

The national chairman spoke on a CBS radio program last night.

Byrnes, who supported President Eisenhower's candidacy last year, announced he would not attend the Chicago meeting.

Douglas did not rule out the possibility that some Southerners who do attend may themselves bring up the future of the "loyalty pledge." If they do, he said, "It is highly important that the people know what all the shouting is about."

Douglas in an interview denied that Northern Democrats ever had asked delegates to national conventions "to agree in advance to support candidates of platforms that had not been agreed upon."

"That would be highly improper," he said.

Mitchell said the Chicago meeting is not a convention and therefore will not deal with the pledge.

"He said he did not think the meeting would raise Byrnes and that, while some other Southern Democrats were staying away, 'There is no trend when four or five don't attend.'"

The 1952 Democratic convention got into a roaring fight over proposed loyalty rules. Sponsors said they were designed merely to prevent a repetition of the 1948 situation in which some Southern state ballots listed "states rights" candidates, rather than those chosen by the national Democratic convention, as the Democratic candidate.

Some Southerners, however, served notice they would resist any effort to bind them in advance to support candidates and platforms still to be selected.

Farmers Ask Supports for Livestock

DENVER (AP) — James C. Patton, president of the National Farmers Union, sent a letter to President Eisenhower today asking him to instruct Secretary of Agriculture Benson to support cattle prices at 100 per cent of parity.

Patton was closely identified with the Roosevelt and Truman Democratic administrations.

His letter outlined a plan, which he said would enable Benson to stabilize the price of range and feeder cattle. He declared action is necessary if we are to save hundreds of thousands of ranch and farm homes, and if we are to have an adequate basic herd of beef cattle to provide for defense and for our growing population.

Patton asked the government take non-recourse loans at 100 per cent of a fairly calculated parity directly available to cattlemen for such a period, "as is necessary to protect the interest of the government and accomplish the objective of an effective price support program."

He said a non-recourse loan is made directly to the cattle producer on his cattle. The lending agency holds the cattle. If, after a specified time, the producer does not redeem his loan, the cattle become the lending agency's property. The farmer's note is sent back to him stamped "paid in full."

Patton acknowledged that such a program could not be operated without risking some loss of funds. He said he was convinced that the cost of stabilizing livestock prices is as fully justified as any dollar which may be spent by this government this year.

Dunavant to Seek McClellan's Seat

LITTLE ROCK, Ark. — John H. F. Dunavant, 28, of Mountain Valley, near Hot Springs, was here last night that he would be a candidate for U. S. senator in the Democratic primaries next year.

Time bluff attorney Hendrix Reed also has announced for the post held by Sen. John L. McClellan. McClellan is expected to seek re-election, and former Gov. Sid McMath is regarded as a virtual certainty to be a candidate.

Dunavant, returned as an Air Force captain June 1 for medical reasons, and he could run strictly on a GI ticket. Dunavant said he served in Korea two years as a pilot and during World War II served with the 5th and 13th Air Forces.

Lion Oil to Again Conduct Contest

With the opening of the school year, local students and teachers again have an opportunity to enter a series of essay contests, conducted by the Lion Oil Scholarship Fund in the interest of southern educational improvement, with \$2,500 worth of scholarships and cash awards to be presented to the year's winners.

The contests are open to high school students and to elementary and high school teachers in public, private and parochial schools in designated areas of the Middle South. Under a three-zone system an entrant competes only with others in his zone. In all, 15 college scholarships and 400 other cash awards will be offered students and teachers during the year, plus 15 additional cash awards to the schools which have scholarship winners.

SPEEDY SCULPTOR — Working against time is easy for sculptor Carlo Tallafino as he works to complete a bust of model, Margery Leighton, at a meeting of the Society of Western Artists, in San Francisco, Calif. It took Tallafino, a teacher of painting and sculpting, 20 minutes to complete the bust.

HOUSE WON'T GO "BOOM," MAYBE — Sam Hashara isn't taking any chances. He's building himself this "bomb-proof" house in the exclusive River Road section of Houston, Tex. The walls, which are 15 inches thick, are made of plaster, wood, concrete, steel and stone.

DOROTHY DIX

Efficiency Envied

Dear Miss Dix: I have a friend who riles me very much. She has three children of her own and takes care of two others, yet her work is done every day at 9 a.m. — and done well. I must admit I have five children, aged three to 11, and never seem to be able to catch up. This friend comes to my house several times a week and stays for two or three hours helping me. Perhaps I should be grateful, but I am just full of envy that she can accomplish so much more than I can. I can't even get meals on time. I am becoming so provoked with this lady that I'd like to break our friendship without hurting her feelings. RUDOLPH S.

Try To Learn Methods
Answer: Now, now don't lose your sense of values completely. All you need is a little dose of common sense to see your situation in a better perspective. Admittedly, it's annoying to face one's own inefficiency in the light of someone else's super-dynamic capability, but wouldn't it be better to try to learn some of your friend's methods, rather than decrying them? We can all learn, you know, even though the knowledge must often come from a source to which we dislike to give credit.

Your friend's purpose in calling on you almost every day isn't quite clear. If she does it simply from a praiseworthy desire to help you, she is doing an admirable job of playing the Good Samaritan; if, however, her motive is primarily to gloat over your inefficiency, she had better stay at home. You do indicate, in part of your letter which

Mrs. Marion Rouse has recently returned from an extended stay in Florida.

Caution Urged of Mortarists

CHICAGO, Ill. — As millions of motorists gassed up their cars for summer's last big weekend trip, the National Safety Council today urged extreme caution to keep the death toll down.

The council estimated that for 100 persons this will be their last trip. They will die in traffic smashups between 6 p.m. tonight and midnight Monday.

The 40 total breaks down to a rate of more than five deaths an hour for the 78 hour period covered by the estimate.

North Africa to Furnish B-47 Bases

WASHINGTON, D. C. — North Africa may provide training sites this winter for B-47s — the world's fastest known bombers — in weather and the Iron Curtain cramp them in Europe.

This was disclosed as the greatest transatlantic transfer of jet bombers ever attempted, involving two medium bombardment wings of 45 B-47s each, got under way.

Wherever the big six-jet planes, capable of carrying the atom bomb and fitted with secret electronic devices, are used, they have orders to stay at least 300 miles from the Iron Curtain. That is less than half an hour's flight for them.

One squadron of B-47 of the 305th Wing flew from MacDill Air Force Base, Tampa, Fla., to Limestone Air Force Base, Mo., yesterday.

Today the squadron took off for England at about the same time that a squadron of the 306th Wing, now in the United Kingdom, sets out to fly nonstop to Tampa.

The transatlantic flight record was made this year when a B-47 flew the 2,235 miles from Limestone to Fairford in four hours, 45 minutes.

A second 15-bomber contingent flies from Tampa to Limestone today, to effect a similar exchange with a Tampa-bound squadron from England tomorrow.

The third 30-plane shift will take place Saturday.

The B-47 leaving England have completed a three-month training period at Fairford, 90 miles west of London. The 305th Wing will go to another former Royal Air Force base — Brize Norton — about 10 miles northeast of Fairford, where runways are reported in better condition.

The air force confirmed that bases suitable for B-47 are available in North Africa and that if Britain's winter weather limits combat training too severely, units may operate temporarily down Morocco way.

The restriction against B-47 flights within 300 miles of a Soviet or satellite border, to avoid incidents and possible loss, keeps the bombers out of a good swath of Europe.

Revamping the Revenue Dept. to Take Longer

By JAMES MARLOW

WASHINGTON, D. C. — The Treasury Department, when President Eisenhower appointed him last winter, it would take him two years to reorganize the revenue service.

He guesses now it will take a little longer. When he's finished, Andrews says, he will tell his boss, Secretary of the Treasury Humphrey. Then if the Eisenhower administration wants him to stay, he'll decide about staying.

But he says that if

YOU CAN'T BLUFF ME, FLINT. WITHOUT THE PARAKEET, YOU CAN'T PROVE A THING.

AND WITH THE PARAKEET I COULDN'T PROVE A THING.

BUT BALLISTICS EXPERTS WILL BE ABLE TO PETER-
VENUE WHETHER THE AS-
SAULTING GUNNER FOUL-
IN KICK STAFFES CAME
FROM THIS GOLT WE.

BY THE WAY, BRAIN, STAFFES SHOWED
HIS MONEY INTO MY OFFICE BEFORE
YOU COLLARED HIM, AND THE WHOLE
\$100,000 WAS **COUNTERFEIT**.

THAT REMINDS ME, VIC-
I RECEIVED THIS
TODAY.
